

A scenic landscape at sunset. The sky is filled with dramatic, golden-orange clouds, with the sun low on the horizon. In the foreground, a calm body of water reflects the vibrant colors of the sky. The middle ground features a vineyard with rows of grapevines, some with wooden trellises. In the background, there are rolling hills and mountains under the twilight sky.

FINCA VICTORIA

LAS COMPUERTAS - MENDOZA

A place to savor and enjoy

Our essence

Located at the foot of the Andes, with mineral-rich soils, pristine snowmelt waters and pure mountain air, Finca Victoria is a long-held family dream that began to become a reality in 2007 with the acquisition of the first parcels of hundred-year-old vineyards. Today the estate has 34 hectares under vine surrounded by mountain peaks where one finds old but still productive Malbec plants from the early 1900s and a diverse ecosystem that represents the wines' authentic identity. In addition to Malbec, the estate also contains rare varieties of significant genetic longevity such as Charbono, Cabernet Franc, Petit Verdot, Nero D'avola, Marsan, Criolla Chica, Cordisco, Semillón and Syrah. The vineyards and winery are organic certified and run according to a sustainable agro-ecological philosophy that prioritizes the preservation of the region's heritage and environment.

Located in the heart of Las Compuertas, a historic viticultural corridor, Finca Victoria welcomes visitors and tourists looking to get in touch with nature, the earth, local traditions and the world of wine. These specially tailored experiences offer myriad opportunities to enjoy the full range of flavors of the estate's wines and cuisine, and to relax and fully enjoy the Finca's magical atmosphere.

Facilities at the property currently include the firsts structures of its winery, event spaces outdoors and in covered facilities and two guest houses: Casa Victoria and Casa del Viticultor, that are ideal for anyone hoping to wake up among the vines, as well as a Visitor Center with a wine bar and private cellar with the new "5 Suelos - Cocina de Finca" restaurant, which is concentrate on local farmhouse cuisine.
