

DURIGUTTI
FAMILY WINEMAKERS EST. 2002

PRESS RELEASE - November 2025

“LAS COMPUERTAS BODEGÓN” arrives: A living tradition, local flavor.

**A new open-air gastronomic space at Durigutti Family Winemakers,
celebrating Mendoza nights with a spirit of togetherness.**

Brothers **Héctor and Pablo Durigutti** present a new dining proposal at **Finca Victoria**, home to their winery: **LAS COMPUERTAS BODEGÓN**, a space that blends the essence of a village fire pit with the freshness of outdoor life, created for locals and visitors who enjoy gathering, eating well, and having a good time.

Starting **November 21**, it will open **Friday and Saturday evenings from 8:30 p.m.** in the winery gardens, next to the organic vegetable garden and under the stars, offering a relaxed atmosphere with **live DJ sets, à la carte dishes, estate wines, and cocktails** to enjoy with friends. From January 2026, Thursday dinners will also be added.

The new meeting point in **Las Compuertas**, just minutes from Chacras de Coria and the city of Mendoza, aims to become the area's new **gastronomic reference**, a place where roots meet the present: shared tables, fires burning, and a community spirit made for enjoying life. The **menu**, inspired by local and seasonal products, offers simple yet flavorful dishes accompanied by a selection of estate wines, local labels, and vermouth, among others.

“We want this to be a place for people to come together without formality — to eat well, laugh, and feel part of the place,” explain the Durigutti brothers.

These new **village night experiences** coexist with their established daytime menus at 5 Suelos – Cocina de Finca, reaffirming the philosophy of a living cuisine that interprets the territory through authenticity, respect for the environment, and integration with the winemaking world of Durigutti Family Winemakers.

“Wine, cuisine, tourism, everything we do at the estate follows the same thread: expressing the identity of Las Compuertas with commitment. Betting on a sustainable food and wine proposal is part of how we live and envision the future, both in fine dining menus and in more casual experiences,” says Patricia Courtois, executive chef of both gastronomic projects.

With this new opening, **Durigutti Family Winemakers expands its wine tourism and gastronomic offer**, adding a more relaxed and approachable concept that strengthens its bond with the local community and brings new life to **Las Compuertas**, an area reborn as a hub for Mendoza gatherings and enjoyment.

LAS COMPUERTAS BODEGÓN is an invitation to return to what matters most: sharing a table, toasting to simplicity, and enjoying the night among the vineyards.
