MENÚ PARRALES

At Finca Victoria we deeply value the gift that this place offers us, savoring every moment with all our senses. Here we find ourselves immersed in a cultural landscape where vines flourish, surrounded by beauty and in perfect harmony with a thriving and diverse ecosystem.

That is why our farm cuisine is part of an integral, integrative and sustainable project that proposes a lively and flexible gastronomy that celebrates fresh and local products in every season. We source from our own organic garden and small local producers to prepare dishes with great care for our people.

Parrales Menu proposes to enjoy outdoors and without haste, steps from the garden between pergolas and vineyards, various dishes designed by our chef from the fresh ingredients of the day, transforming and renewing the flavors at every moment.

We are in a unique place, with a generous nature and accessible to all. We invite you to simply enjoy this experience.
